

Downloading Accra Mobile

After you have established your Accra Access credentials, you will follow the links in an email to download Accra Mobile.

The email links will be for either an iPhone or an Android phone. Please select the appropriate link for your phone type. IOS devices must download the app through the link as the app is not publicly available.

For Android Devices click the image below:

For Apple iOS devices (iPhones and iPads) click the image below:

View of the app in the stores

Apple iOS Device	Android Device

iOS version 15.0 or higher

Android version 7.0 or higher
